Recycled Linbins

Our new ranges of Black Linbins are made from 100% recycled plastic. They use the same moulds and so have the same high quality you expect from the Linbin brand. The savings are available due to the cost of recycled raw material being lower. This means we can pass these savings directly on to our customers.

- Manufactured from recycled tough polypropylene for long life
- Still the toughest bin available
- All the same features as the standard Linbins

Clear Linbins

Our clearview linbin range is ideal for environments where hygiene is paramount and the requirement for visible stock levels at a glance. This includes hospitals, laboratories, research departments and the food industry. The dimensions are exactly the same as the successful coloured and grey Linbin range, therefore you can implement these clear Linbins into an existing environment of small parts storage using standard louvre panels.

- See stock levels at a glance
- Durable and lightweight
- Smooth easy-clean finish
